## Rules & Guidelines

The governing rules of play are detailed in the 2022-2023 VNEA rule booklet and will be strictly adhered to along with the following:

Scotch Doubles and Mini - Tournament entries will be accepted on site.

**Player Classification:** Players that have placed high enough in a previous WCVNEA event to be moved up to a higher level, must compete in the higher level whether they achieved it in a Team or Singles event.

### 8-Ball Team Format:

The 25-game round robin format will be used in the Open Advanced and Masters 8-Ball team.

The 20-game format will be used in the Open Intermediate event. The 16-game round robin format will be used in the Open Novice, Ladies Intermediate, Ladies Advanced & Ladies Masters 8-Ball team events.

The team with the most points at the end of the match will be declared the winner. If there is a tie in the total points, the teams will play another round, using the same roster as the last round. The team with the most points in the tie breaking round wins the match. Flip for the first break and alternate thereafter.

**Substitution Rule:** A team may substitute during a match if the following criteria are met 1) The opposing team captain must be notified before the start of the round in which the substitution is being made. 2) A player may not play an opposing team player more than once. 3) Once that player has played, he/she must keep that same position unless removed for a complete round and reinstated in a later round. Once a round has begun, no line -up changes may be made.

**Determining the Break:** Team captains will flip a coin prior to making the line-up. The winner of the coin toss has a choice of being home or visiting team. The home team will complete their line -up first and then the visitors. Teams must fill out the score- sheet completely. The teams will then break in accordance with the score sheet. 8

**Call Pocket:** In Call Pocket, obvious balls and pockets do not have to be indicated. It is the opponent 's right to ask which ball and pocket if he is unsure of the shot. Banks and combinations are not considered obvious, and both the object ball and pocket must be called. When calling the shot, it is NEVER necessary to indicate details such as the number of cushions, banks, kisses, caroms, etc. If a shooter continually refuses to inform his opponent, even when asked, the captains or tournament officials should be informed. Continuous failure to verbally call the pocket can be ruled as unsportsmanlike conduct. Calling the 8-Ball:

**Calling of the 8-Ball** must be by the disc method in the following manner: Disc (patch) Placement: The patch must be completely within the second diamond on either side of the intended pocket (A referee will make a ruling if the patch position is protested). It is not necessary to move or touch the patch if it is already at the intended pocket. If a player shoots at the 8-Ball and commits a legal shot and the 8-Ball is not pocketed, the game continues.

If players decide not to use the patch, then the score sheet should indicate so.

**Start of Match:** All matches will start at the posted time if the assigned tables are available. If player/players are absent, the match must still begin, and the absent player/ players will have until the end of that round to show up. If they are not there by the end of the round, the absent player/players will lose that game 10-0. This rule is the same for all rounds.

### Forfeits

**Team.** If less than 2 team members are available within 15 minutes after their posted match time, the team will be forfeited. Tournament Committee will decide forfeits. However, in the event that enough team members (2), but less than the full team, are available when the match is called, then those present must begin shooting.

**Singles:** Players are responsible to be at their table at the posted match time.

**Slow Play Rule:** Exaggerated slow play will be penalized. After a warning, any longer than ONE MINUTE between shots will be a foul. The third infraction will result in loss of game. Both players will be timed.

**PRACTICE:** Teams may not practice during a match. A warning shall be issued, then an Unsportsmanlike Conduct, then loss of next game.

**Protest Procedure:** The protesting team or person will be required to deposit \$50 with tournament officials. If protesters are correct in their protest, they will be refunded their deposit and the tournament officials will take proper measures in dealing with the situation. If the protest is declined, they will forfeit their deposit. Deposits will go into the general fund of the WCVNEA

## **Be a part of the action...Sign up NOW to be part of the WCVNEA tournament as a referee**

The WCVNEA Tournament Committee needs a few good people to referee in the upcoming 2023 WCVNEA Championships.

We hope to have a referee staff of 12-16. Various shift options are available to accommodate your availability for the Thursday, Friday, Saturday and Sunday tournament days. Shifts are approximately 6 -8 hours each, with every volunteer working the same number of shifts. If you are concerned about committing but also would like to participate in the event, shift switching is not a problem if the assigned shift is covered. Please note that should this be the case; it will be YOUR responsibility to switch shifts with another referee's. Referees are ONLY allowed to play one event (team or singles)

Each person refereeing at the 2023 event will be compensated for their efforts to the tune of \$15.00 per hour of work and half of a room's accommodation (Fri, Sat, and Sun nights). All referee's MUST work a minimum of 6 hours to receive their half room paid for. All referees will be required to attend a pre-tournament meeting to be held tentatively Thursday, Feb 16th, 2023, at 8 PM.
